

New Trail Opportunities

- Capitalize on Oak Leaf Trail routing
- Support complementary amenities like food/drink and kiosk with downtown info
- Build trail connections west into City
- Create hiking trail loop including waterfront trails
- Improve safety, maintenance, and 2-way access to waterfront

Sheridan Park Enhancements

- Improve wayfinding signage and establish information kiosk/map
- Increase shoreline access and overlooks
- Selectively clear non-native and invasive vegetation
- Bring in more community activities
- Support coffee, ice cream, or other shop in pavilion
- Improve pedestrian lighting
- Explore fitness circuit
- Increase winter recreation (skiing, skating)

Institutional Use Area Opportunities

- Continue athletic programming
- Support selective vegetation thinning/maintenance
- Explore potential to relocate some City facilities to other places for new housing here

Warnimont Park Enhancements

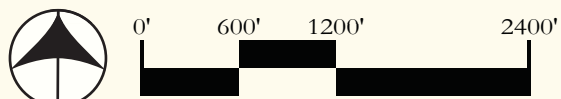

- Improve wayfinding signage
- Establish information kiosk/map
- Increase shoreline access and overlooks
- Selectively clear non-native and invasive vegetation
- Explore potential for nature interpretive center
- Investigate community garden and/or orchard
- Pursue compatible recreation like disc golf or dog trails
- Improve pedestrian lighting
- Explore fitness circuit
- Increase winter recreation (skiing, skating)

Cudahy 2020
Comprehensive Plan
Lakefront

CONCEPT PLAN

DRAFT

- Increase lake visibility and access
- Improve connections between waterfront and community
- Increase activity levels
- Investigate new recreational and educational opportunities
- Build partnerships among city, county, school district, businesses, and volunteers
