

The City of Cudahy recently began the process of updating its Comprehensive Plan. This long-range Plan will guide the City's policies related to:

- Land Use
- Housing
- Development, Redevelopment and Revitalization
- Natural and Cultural Resources
- Transportation
- Economic Development
- Community Facilities and Utilities
- Downtown

By attending the Vision Workshop, you will be able to learn more about the City's Comprehensive Planning and become engaged in the process. The Workshop offers a great opportunity to provide input on your neighborhood and your community.

The session will include:

- Brief explanation of the Comprehensive Plan process
- Brainstorming session on the City's goals and directions
- Discussing and mapping areas of particular value, interest, or concern
