

# Go Green in Stephenson County!

THURSDAY, MAY 28, 2009

*at work  
at home  
in your community*

On Thursday May 28th the City of Freeport and Freeport Area Chamber of Commerce will hold several events highlighting strategies and resources for going green at home, in the workplace, and in your community

**RESIDENTS:** Attend a free seminar to learn how you can make sustainability and energy efficiency improvements in your home. Commonwealth Edison and local sustainability leaders will be on hand to share information and resources. 6:00 - 7:30 p.m.

**BUSINESSES:** Learn about resources available to help you reduce waste and pollution and increase energy efficiency at your facility. Presenters will include Illinois EPA, the Illinois Sustainable Technology Center, and Commonwealth Edison. 11:30 a.m. – 1:00 p.m.

Nominal charge, lunch provided. RSVP to Pat Schneiderman, Chamber of Commerce: [pat.schneiderman@aeroinc.net](mailto:pat.schneiderman@aeroinc.net)

**GOVERNMENT AGENCIES:** Learn about strategies and resources to help reduce waste and pollution and increase energy efficiency in your operations. Also learn about ways to foster sustainability in the communities you serve. Presenters will include Illinois EPA and the Illinois Sustainable Technology Center. 1:30 p.m. – 3:00 p.m.

All seminars will be open to the public and held at the Stephenson County Farm Bureau, 210 W. Spring St., Freeport
